

Did You See Him? Narrative.

I was praying leisurely and told the Lord, since my life had become so busy, that I needed to take a 3 to 6 month break from church.

God instantly spoke to me and simply asked, "What if I was there in person? What if I was a human being and came through your town and visited your church? Would you come to church then? **How** would you feel if you missed it?"

I suddenly actually felt that I had missed it. It hurt horribly and I sobbed uncontrollably. This song appeared in my head in an instant. I wrote the entire song down with no effort.

The following Sunday, I decided to go to church. During the middle of a praise song, the pastor came to the microphone and interrupted us. He apologized for the interruption but the Lord had just instructed him at that moment to ask the people this question. He said, "The Lords asks you, **What** if I were here in person? What if I was actually walking **down** this isle? Would you behave differently, or would you come to church then if you **otherwise** wouldn't?" Then the pastor turned around and we continued singing.

After praise time was over, the pastor came to the microphone and said "the Lord wants you to know that **He is here** and He doesn't want you to miss it."
