

Narrative – Fall On Them

I was in deep prayer praying for salvation of my unsaved family and friends. During that prayer I started singing it. I felt like I was singing a song I had sung many times before.

After I was done praying, I started to wonder. Was this a song from church? No, I don't think so. Was it from the radio? Couldn't remember hearing it on the radio.

So I wrote the song down. It came easily to me, like I had known it for years.

I believe (maybe) this was the first song the Lord had given me all at once in a single moment. And that's why it came so easily to me and seemed so familiar.
