

Something Is Happening - Narrative.

I was living alone for the first time in my life. I decided to concentrate on God. I went to church at least 3 times a week and would sometimes find a church to go to everyday. I went on all the retreats the churches had to offer and I prayed constantly.

Something happened to me during that time. I began to feel God's presence and power in a way never before. Something different and very good was happening to me.

I felt I needed to write a song about how I felt so I would never forget this feeling. This song came easily to me.
