

Make A Move

(verse 1)

I feel so dead inside. Like there just is no life.
Yet they say you are always there.
And that nothing can compare to the gift from above.
To the gifts that come from God.
But I've tried my very best, and I just don't see those gifts are here.

(chorus)

So I need you to make a move. I ask you to open my eyes.
Yes I need to see joy from you.
Please bring some help to this life of mine.
(last) Please bring some help to this life of mine.

(verse 2)

I try so very hard. I have given you my heart.
I do the best that I know how. Oh I don't want to give up,
To just throw it all away. I need something to make me stay.
So I lift it up to you. I just put my life in your hands.

(to chorus)

(Bridge)

Only you know what I need to feel alive.
Only your hand can bring pure joy inside.

(to chorus)
