

One Thing

(verse 1)

I need to tell you this, though you already know.
It may not show by my works, or by my spiritual growth.
And I admit sometimes, my faith grows weak.
And sometimes it's hard just to believe.
But right now I just want to say. This is one thing that will never change.

(chorus)

I love you with all my strength and I give you all my praise.
As long as I live and as long as I sing. From you, I'll get my strength.
To you, I'll give my praise. That's one thing that will never change.
(last) Yes that's one thing, one thing, that's one thing that will never change.

(Bridge)

I may fall now and then when temptation comes in.
But my heart remains the same.

(to chorus)

(verse 2)

I know it's because of you, that I was ever born.
And yes I do believe, that you sit on the throne,
Your brilliance and worthiness, is beyond compare.
Just knowing you love me, is such an honor.
So I can't help but to feel this way. This is one thing that will never change.

(to chorus)
